BAND STORY

"

My musical/art/expression name is BOuDAH. I started writing songs when I was 15 years old, now, 14 years later; I have well over 100 songs in my musical vault. There are many different genres, such as, Alternative Rock, Rock, Acoustic, Heavy Metal, Hip Hop, Techno, Meditational, Classical Composition, and some could even be considered Country.

I play all the instruments: bass, guitar, drums, keys, as well as vocals and rap. In the past I have collaborated with some of my good friends and I have also created songs with artists that I've met on myspace - something very unique always seems to be born.

The following is a list of people I have worked with over a period of time:

Tim Gallant, Will Griffin, Papa a.k.a Jerry Tyler Jr., Shred Da Verbal Tongue, Khato -FTBRecords, DogpaRK, Ancient Arts.

One project I worked on involved a healing technique called Yoga Nidra which comes from the tantric tradition. For more information about this go to: www.myspace.com/yoganidra.

Currently I am working on an idea which includes a four-song movement with a unifying theme, like a symphony, all tying in together. The four-song movement is called "The Red Pill" (inspired by "The Matrix").

(E)on wakes up and is enraged by all the lies he has been absorbing from the universal deception that has been subliminally telling him how to think and even worse how to OBEY. (E)on awakens and wants to tell the world what he knows and so we are lead into The 2nd Movement.

In the 3rd Movement, his beliefs are shunned by the world and those closest to him: friends, family, etc. He cuts away from everyone and goes within himself. From his insights, he realizes that he cannot force the world to change or hear the truth he has found, thus creating a paradox, because he can change the world simply by changing himself. Being true to himself and following his own path, by being an example, others are given the opportunity to wake up to join him.

Finally, we arrive at the 4th Movement, wherein (E)on attains peace, and comes to terms with the human condition.... Finally, he realizes what he knew all along.....

“ I Am Not Alone, We Will Cross Tha Line!”

I am also working on some orchestral pieces, and always creating songs in between projects.

Thanks for checkin me out!
