

## Nine Dot

### BAND STORY

"

The name is Nine Dot. Im 27 from Philly, PA. I been rappin for a few years now. its not something that i really chased tho. i look at it as a gift from god to do something as a hobby. i simply enjoy the music. i will do it till the day i die, not caring if i ever make it big time. although i am more of the behind the scenes type of person. ive been recording my own stuff and im becoming rather good at it, so im thinkin of leaning more toward the producing aspect of the game. Im nice...but i'll you all be the judge of that. even though this aint something im chasing, dont get it twisted cause it aint sweet...in no area of the game. i do gangsta, club, money, girls, shakey...and wuteva else you can think of. and everything does get copywritten so dont bite, or i'll get paid if u do.lol
